

Your Smile says it
all!

We feel that every patient in our practice deserves to have a smile they can be proud of. That is why we are excited to offer our patients a unique program we can call "Whitening for Life".

Our team knows how important it is for you to have a healthy, bright smile. Often cost can be an inhibiting factor for patients. Not anymore! Whitening for Life can help you enhance your smile, and have your teeth looking their very best.

When you come to our office for preventive examinations, x-rays and cleaning we will provide you with custom bleaching trays and materials, for a one-time enrollment fee. Then, at each 6 month preventive visit, we will give you a complimentary touch up kit of bleaching gel.

That is how we will help you keep your teeth bright and beautiful for life.

With our "Whitening for Life"

Program you will receive:

- Custom Upper and Lower Trays with a starter kit, enough gel to whiten your teeth 4-6 shades.
- Then, you will receive a touch up kit of whitening gel at every six months examination appointment at no charge as long as you remain a member.

All we ask in return is that you: Keep your recommended hygiene visits current. An important part of an attractive smile is regular preventive care. Our patients have found that these appointments help reduce emergencies. That is why we are happy to provide this extra bonus for our patients who are committed to their dental health.

In order to provide exceptional services like "Whitening for Life" to all our patients, we ask that you give us the courtesy of advance notice for schedule changes.

With Whitening for Life,
everyone can afford a
gorgeous smile!

Keep your
6 month Dental Exams
and you'll receive

For the rest of
Your life!

WHITENING!

FOR LIFE

We are here to help keep you smiling. As others notice your new, white smile send them our way. We are always thrilled to serve friends and family members of our great patients and would be happy to offer them "Whitening for Life" too.
